Greetings! With the changing academic and socio-economic scenario of the world and in view of the imminent New Education Policy, the approaches to imparting institutional education are bound to come across a sea-change in the coming days. The idea of an educational institute and the roles and responsibilities of the teachers and mentors will soon have an expanded scope. Coping with the need of the hour, we teachers must prepare our students in such a way that they can keep pace with the changing global trends in every sphere of life and profession. Hence, besidesimparting our class-room lesson we must engage our students in different sports, cultural, social, and academic activities for the greater interest of the society at large. And our college is doing everything possible to groom our students by giving them adequate exposure to a wide range of activities.

The year 2019 has been quite eventful for us. Of the many works and activities, most significantly, we have the proud privilege of hosting the very prestigious 40th Annual Conference of the North East India History Association(NEIHA) from 24th to 26th Oct. The event was graced by many eminent historians and academic luminaries from different parts of India. In the cultural front we have organised All Assam Inter-college JayantaSangeet Competition on 3rd Oct.where 31 colleges of Assam took part.

This year has also been a painful one for the college family. Very unfortunately, we have lost our very dedicated teacher, Mr.HumenChiring,H.O.D. of Geography Dept. in a road mishap on 15th Jan. at Sadia. The college will always remember his contribution towards the development of the college, and specially the Geography Dept. On behalf of the entire college family I pay profound homage to his departed soul.

In spite of all the occasional hiccups, I do hope that the college will keep growing in all direction and contributing richly towards the society in the coming days. Thank you May Karmashree Hiteswar Saikia College live long!

(Dr. Sikhamoni Konwar)

Principal
