The Annual College News Bulletin  
10th Issue 2020

## From the Desk of Editor-in-Chief

Greetings to all! It has been a decade since the 1<sup>st</sup> publication of The Reflexion in 2011, and here I congratulate all the concerned for its uninterrupted publications all through these years, overcoming all the obstacles on its way. This bulletin has always been a mirror for all the college community in terms of its academic and other activities carried out during a year. And this 10<sup>th</sup> issue of The Reflexion is also no exception.

The year 2020 has been the most excruciating time for the human race on the earth. We have seen how the millions of people around the world have lost their lives and livelihood due to the ravages caused by the Covid-19 pandemic. The juggernaut of the so called human progress has come to a sudden halt. The pandemic has turned the day-to-day life topsy-turvy. The outbreak of the disease has disrupted every aspects of human life, and education is one of the most adversely impacted field. Much to our dismay, during this pandemic situation we have lost our former Principal Dr. Ramesh Buragohain at the age of 83. We solemnly remember his contributions towards the college and pay our deep homage to his departed soul.

The college started the year 2020 with renewed zeal and energy to whirl the college's wheel of progress even faster. We organised an interactive session with a team of students from Japan; we had our Annual College week where we conferred eminent social worker Govinda Bordoloi with *Bishesh Xeuwa Bota 2020*, and feted state's veteran artiste Mrs. Sudakhina Sarma, and college's National and International Aainball player Nabajyoti Baishya. And even during the total lock down of the country starting from 25th March, 2020 we resorted to virtual means for keeping our academic activities going and sprit upbeat. We had organised as many as twenty nos. of International and National webinars where Professors, Academicians, Physicians, clinical psychologist, environmental activists, research scholars, professional experts from India and different countries of the world like the USA, the UK, Australia, Morocco, Hong Kong, Bangladesh, Indonesia, etc. participated as resource persons. Our teachers also participated in different online academic lectures and workshops, and arranged lecture sessions and classes for the benefits of the students at large.

Our college had also rendered dedicated service to the society for creating awareness of Covid-19 among the people. We conducted awareness programmes and door to door campaigns in the college's adopted Namtepesia village as well as the adjacent localities and villages of Kahnpara and Panjabari areas to make common people aware of the measures for preventing the spread of the pandemic. Again, some of our teachers also served as volunteers in Govt. of Assam's "Covid-19 Assam Cares Monetary Relief Program" with all fervor.

There is no denying of the fact that Covid-19 pandemic has crippled the education system of India and the world. But still we believe in what P.B. Shelley says: "If Winter comes, can Spring be far behind"; this engulfing shadow of the pandemic will soon fade way and new light of hope and aspiration will lead us to a better future for humanity and society.

Thank you. *Vive la Karmashree Hiteswar Saikia College!*

### International webinar at Hiteswar Saikia College

**GUWAHATI, June 13:** The Internal Quality Assurance Cell (IQAC) of Karmashree Hiteswar Saikia College here organised an international webinar on the topic "State of Education During COVID-19 Pandemic in Morocco" on Saturday, said a press release.

Prof Paromita Das, visiting Professor at the Indian Studies Faculté des Lettres et Sciences Humaines, Mohammed V University, Rabat, Morocco, and former IOD, History, Gauhati University, delivered the lecture on the topic as the resource person. In her speech, Prof Das made a cursory inquest into different aspects of Morocco's

historical background, social and cultural orientation, and its prevalent education system. She highlighted how Morocco has tried to cope with the difficulties posed by the present COVID-19 pandemic situation in the field of education, the students face with the shift to the virtual mode of online teaching. In families with children enrolled in primary school, 51 per cent in junior high school, 69 per cent in high school and 56 per cent in higher education could follow lessons using in 18 per cent of families do not

follow the lessons at all, Prof Das added. She called upon all the teachers to come up with innovations to make the online classes interesting for the students, and at the same time, refrain from overburdening them with too much of online activities considering the health hazards the electronic gadgets might have upon them.

Earlier, inaugurating the webinar, Dr Sakhamoni Koswar, Principal of the host college, threw light on the importance of studying and understanding the impact of COVID-19 situation in areas concerning education in different parts of the world so that strategies can be framed to deal with

it in India's context. She asserted that knowing about Morocco's education scenario in this hour of crisis would go a long way in this direction.

The webinar was attended by many participants from different parts of Assam and the rest of the country, the USA, Morocco and other parts of the world.

Prof Das's lecture was followed by an interactive session among the participants that included students and academicians from the USA and Morocco. The entire session was coordinated by Dr Ranjan Kumar Bhatta, Coordinator, IQAC of the college. Dr Anup Kumar Deka offered the
